

Demonstration of the project in Google Colab

<https://colab.research.google.com/drive/1RVshr4tAy4nxXhcXHXhGYUVHSA7l0db9?usp=sharing>.

GitHub link:

<https://github.com/datascintist-abusufian/Machine-Learning-and-Sustainability-Metrics-Optimising-Risk-Assessment-and-Default-Prediction>

Please copy full link then paste in address bar. Afterwards, I run. Hope it will work. By clicking at link was not working. Copy and paste in separate address bar then run

After link (.) dot make sure. I highlighted the dot in red yellow mark ,

Thanks
